U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On MAY 9, 1976
- Export shipments in
Current Marketing Year
- Daily Sales reported
MAY 10 — 18, 1976

-- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of May 20, 1976 (based on reports from exporters during the week ending May 9, 1976, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 increased by 239,900 metric tons (MT), bringing this year's total commitment to 31.1 million MT compared with 30.3 million MT for the corresponding period a year ago. The largest increases in commitments were to Venezuela, 52,800 MT; the Philippines, 51,700 MT; and the European Community (EC), 65,100 MT. Total commitments to Venezuela and the Philippines now stand at 678,000 MT and 599,900 MT, respectively. Commitments to the EC now total 2.6 million MT, about equal to those for the comparable period a year ago. Optional origin contracts to the USSR were reduced by 115,000 MT as a result of options exercised to export wheat from other than U.S. origin.

Outstanding sales of wheat for shipment during the year beginning July 1, 1976, advanced by 178,300 MT, including recently announced new purchases by the USSR of 70,000 MT. Outstanding sales for 1976/77 shipment now total 2.7 million MT, compared with 4.0 million MT for the corresponding period a year ago.

Feedgrains: The apparent export commitment for feedgrains in 1975/76 rose by 1.1 million MT, bringing this year's total commitment to 41.8 million MT. Corn commitments advanced by 1.05 million MT, the third successive week that commitments increased by over 1.0 million MT. Increased commitments to the USSR totaling 459,400 MT accounted for over two-fifths of this week's increase. Recently announced new sales and transfers from optional origin accounted for most of the Soviet increase. Some of the other significant increases in corn commitments were to the EC, 315,200 MT; East European destinations, 77,600 MT, and Portugal, 62,800 MT. Sorghum commitments advanced by 63,200 MT, bringing the total to 4.6 million MT for the year. This week's new sales of sorghum to Norway of 25,400 MT brings total commitments for the year to that country to 111,200 MT. Barley commitments declined by 20,300 MT, reflecting a reduction in commitment to unknown destinations.

Outstanding sales of corn for 1976/77 shipment increased by 378,700 MT, bringing total sales to date to 4.0 million MT. Recently announced new sales to the USSR accounted for more than one-half of this week's increase.

Soybeans: The apparent export commitment for 1975/76 jumped 598,600 MT, the largest weekly increase since mid-October. The gain primarily reflects larger commitments to the EC, Japan, the USSR, and unknown destinations. The total apparent commitment now stands at 14.4 million MT, compared with 12.9 million MT a year ago.

Exports during the week totaled 510,600 MT, the largest quantity shipped this season. Of this amount, 297,700 MT were shipped to the EC, 93,100 MT to Japan, and 34,000 MT to the USSR.

Soybean Oilcake and Meal: The apparent export commitment for 1975/76 rose 30,800 MT, primarily reflecting increased commitments to East Germany, Poland and Spain. Commitments to the EC and unknown destinations declined 62,000 MT. Exports during the week totaled 116,800 MT, primarily to the Netherlands (24,200 MT), Italy (22,200 MT), Spain (21,600 MT) and East Germany (18,400 MT).

Soybean Oil: During the week, 22,000 MT of PL-480 Title I soybean oil were shipped to Pakistan.

Cotton: Prices continued to advance as demand for textile products improved and offers at most origins were scarce. U.S. net sales were the second highest of the season. The U.S. export commitment for Upland cotton increased 179,000 running bales (RB), 84,000 RB for the current marketing year and 95,000 RB for the 1976/77 season. Sales of American Pima were 200 RB. Japan and Hong Kong were the largest buyers of Upland. The Republic of China took all the American Pima.

* QUANTITY REPORTED LESS THAN .05

1/ INCLUDES UNSOLD COMMODITIES SHIPPED ABROAD AND THOSE IN TRANSIT FROM THE U.S.
TO FOREIGN PORTS.

THE CCC EXPORT CREDIT SALES PROGRAM (GSM-4)

The CCC Credit Program, administered by the Office of the General Sales Manager, provides 6 to 36 month financing to U.S. exporters for the sale of U.S. agricultural commodities in ample supply. It is a commercial rather than an aid-type program. An acceptable commercial letter of credit is required from either an approved U.S. or foreign bank. Commercial rates of interest are charged currently 8 percent for U.S. bank and 9 percent for foreign bank repayment guarantees. During the 20 years the Program has been in operation there have been no bad-debt losses. The Program is generally self-sustaining.

The following U.S. agricultural commodities are presently eligible for export financing under the Program: barley, beef and dairy breeding cattle, breeding swine, corn, cotton, cottonseed oil, dry edible beans, dry edible peas, eggs, (dried, frozen and canned), grain sorghum, hog grease, nonfat dry milk, oats, peanut oil, poultry, (canned and frozen), raisins, milled and brown rice, soybeans soybean meal, soybean oil, edible soy-protein, sunflowerseed oil, tallow, tobacco, wheat and wheat flour.

In the current fiscal year financing of these commodities to about 30 countries totalling a little over \$1 billion has been approved. Most of these commodities have already been purchased by foreign importers although not all are likely to be shipped during this faical year. Since the first of the month, only one line of credit for \$1 million beef and dairy breeding cattle and swine has been approved.

Printed material regarding the CCC Credit Program may be obtained by writing the Export Programs Division, Commercial Export Programs, Office of the General Sales Manager, USDA, Washington, D.C. 20250. Also, information on program activity will be released in future issues of U.S. Export Sales.

If you no longer need this publication, check here_____and return this sheet with envelope in which it was mailed and your name will be dropped from mailing list.

If your address should be changed_____PRINT OR TYPE the new address, including ZIP CODE and return the whole sheet with envelope to:
